

YOUR COMPLETE

packaging guide

Family run, independently owned, manufacturing since 1993.

- Boxes manufactured in-house in Letchworth Garden City
- Stock lines held and called off when you need them
- Free delivery over £100 within 30 miles

One supplier you can actually get hold of

Barton Jones Packaging has been supplying businesses across Hertfordshire and the South East since 1993. We combine in-house box manufacturing with a responsive merchant service, so boxes, tape, void fill, film and consumables all arrive on one delivery, on our own vehicles.

Bespoke boxes, made here

Custom sizes made on our own box-making machines, with no tooling charge on box-maker styles. Send us your dimensions and we will quote.

Free packaging review

Our team will audit your current packing operation, test alternatives and show you where cost, material and damage can come out.

Stock holding and delivery

We hold your lines, typically up to three months' worth, and call them off as you need them. Free delivery over £100 within 30 miles.

Let's get your packaging right

Request a quote

Build a basket in the online catalogue and send it over. We quote to your volumes, with no minimum order on stock lines.

Design a bespoke box

Use the bespoke box calculator on our website, or send us your dimensions. Made to measure on our own machines in Letchworth.

Book a free packaging review

We will look at your current packing operation, test alternatives and show you where cost and damage can come out.
